Yard Sale a Success *Mayfest Weekend*

May 4, was a rainy day but we stayed nice and dry at our indoor yard sale. We held it at the future location of The Shop on Central, which we plan to open this summer.

We had a great time talking to the shoppers, browsers and neighbors who dropped in.

Ronnie, Hani and Lynne were on hand to help greet visitors and carry their purchases to their cars.

Thank you to the many community members who donated items or came by our yard sale. We are grateful for your support.

Lynne is ready for the Cut 'n Run!

Team Bonny Lea Farm *Realizing Goals*

Team Bonny Lea Farm is once again challenging themselves and preparing for the Chester Cut 'n Run being held on June 2.

Many set this as a personal goal each year and have already started seeking sponsors for their participation in the adapted 2.5km and full 5km walks.

Over the last three years the team raised funds to repave the walkways at residence and the lane between residence and day program. This year the team is raising funds to purchase outdoor active living equipment.

Team Bonny Lea Farm invites you to be a sponsor.

Breaking News! The Shop on Central

This summer we plan to open a small shop in Chester, at 227 Central Street.

The Shop will provide more participants with a community-based work opportunity, a storefront in town for you to purchase products made here at Bonny Lea Farm, and a chance to raise our visibility within the community.

Stay tuned!

Plant Sale & Breakfast June 8 @ 8:00-11:00am

Plan to get here early for the best pick of our hearty flower, herb and vegetable transplants and planters!

Don't forget to bring your appetite for our complete breakfast: eggs, sausage, bacon, potatoes, toast and beverage for only \$8!

The Kitchen Crew

This team is busy every day making morning coffee break snacks and complete lunches for all participants in the day program. They also prepare lunches for Board Meetings and delicious treats for special events. Right now they are also testing recipes for a "Daily Sweet Treat" for our new Shop on Central.

They are constantly learning new recipes and skills. In the afternoon there is a second Kitchen Crew, that specializes in cleaning up. Way to go everyone!
