One very new and big step for participants is a phased returned to work at our day program. Over the next several weeks participants are returning to work, crew by crew and in small numbers.

BONNY LEA FARM
 VIRTUAL BENEFIT GOLF TOURNAMENT
Stay Strong 2020

Nothing about 2020 has been ordinary. Plans have been made. Plans have been changed.

We have faced increased expenditures in some areas of our budget, like food and activities, while seeing decreases in others, like gas for our vehicles since we haven't been going any where!

We have had to be creative in ensuring that we are still raising the funds needed to offer participants opportunities to continue to learn, grow and succeed, while respecting the situations of many of you, our long-time supporters.

That is why we are over the moon with the support we have received for our "virtual" golf tournament. We'd like to say, thank you to the following individuals and businesses:
